

TIMS MVP FOR ENDOSCOPY

THE SOLUTION

COMPATIBILITY

Acquire from any endoscopy system, including Olympus, Pentax, Fujifilm, Ambu, Stryker, Karl Storz, Richard Wolf, ATMOS, PatCom, Optim, JEDMED, and all others.

ADVANCED FEATURES

Trail-blazing tools designed for ENT, GI, & Surgical Imaging include image and video extraction, telestrations, annotations, an integrated diagram tool, template-based notes and reporting, and more.

INNOVATIVE WORKFLOW

From setup to send, TIMS MVP has been streamlined to reduce time. Gain the productivity of having instant access to every endoscopy study on your existing Enterprise Imaging solution. TIMS MVP is compatible with all archiving and reporting systems - PACS, VNA, and EMRs.
