

# DOSEIT

## PATIENT DOSE PREPARATION SOFTWARE

AUTOMATE PATIENT RECORDS, **STREAMLINE YOUR WORKFLOW!**

**COMECER**

AN **ATS** COMPANY

Comecer **DoseIT** is an easy to use dose preparation application build on top of the **DoseApp** of the SmartLab platform.

It will give you an easy solution "From planning to injection" to prepare the requested patient dose with the integrated DICOM patient list directly at hand!

**DoseIT** is our new, fast and user-friendly patient dose preparation software. With its DICOM connection to the hospital information system and direct connection to the included Radionuclide Dose Calibrator and **DoseApp**, it provides a complete and fast solution from planning to Injection.

The Dose Calibrator is a complete digital Radionuclide dose calibrator.

Together with **DoseApp** and **DoseIT** it supports all functions required for dose calibration when preparing radiopharmaceutical doses for your patient planning.

In the **DoseApp** you can perform all the dose calibrator quality controls.

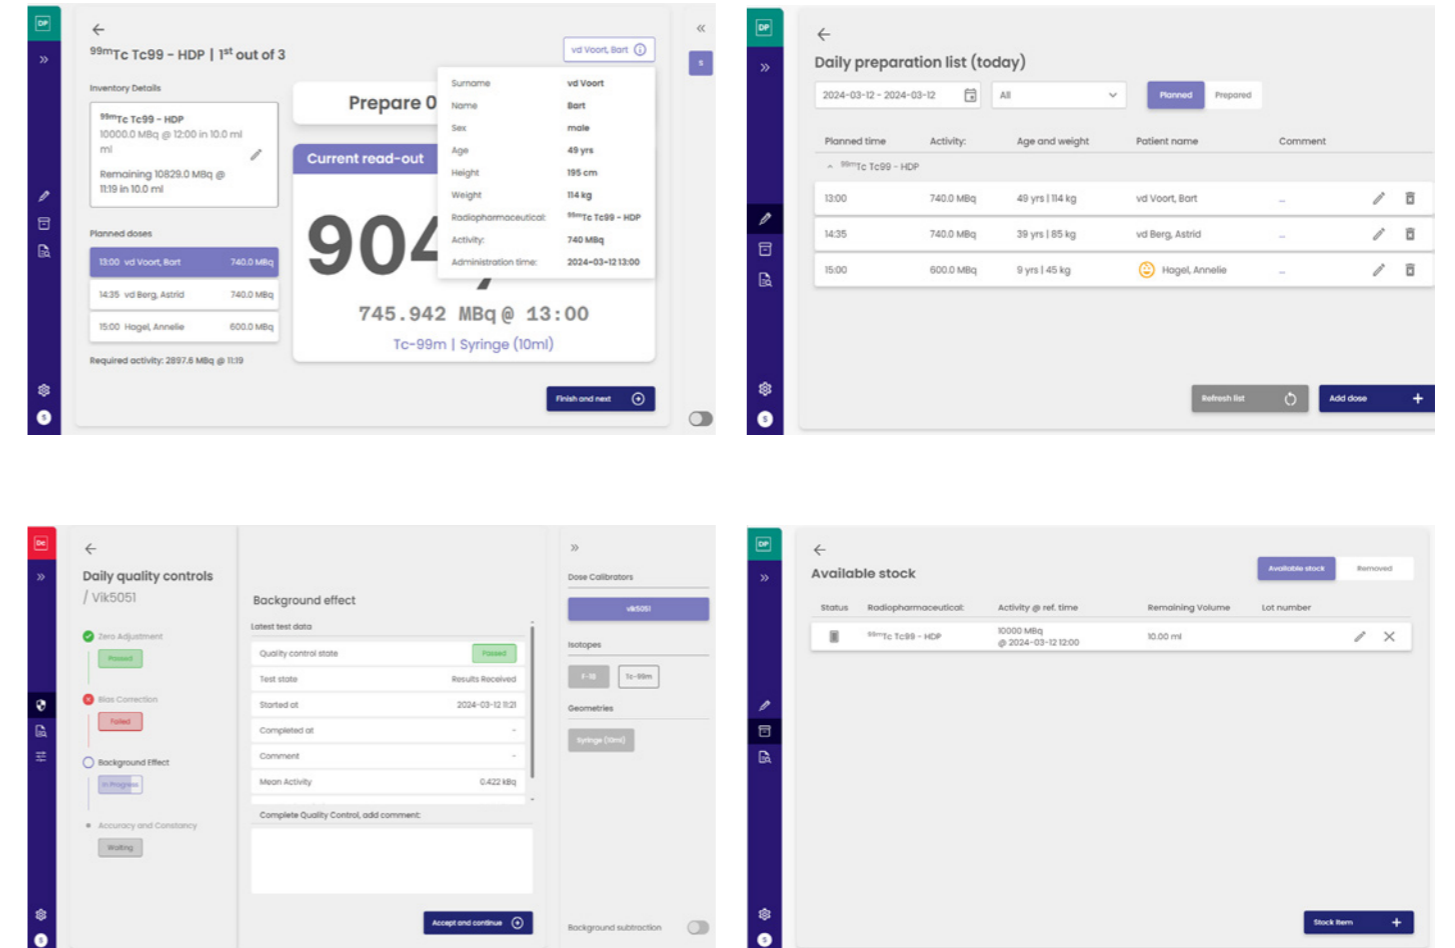

Easy entry of the used radiopharmaceutical makes sure you have the traceability needed by regulatory from vial to patient injection.

**Features:**

- Bi-Directional DICOM connection
- Mogg Breakthrough test directly on the dose calibrator
- Easy sorting and searching in patient planning
- Easy inventory management per radiopharmaceutical
- All advantages of the DoseApp functionality for the dose calibrator
- Complete Audit trail
- Easy configuration, Plug&Play

**SUPPORTED QUALITY CONTROLS:**

- *Zero Adjustment*
- *Bias Correction*
- *Background Adjustment*
- *Accuracy & Constancy tests*
- *Calibration & Linearity tests*

## Ready to transform your operations?

Contact our sales team today for a free consultation and personalized guidance. We'll determine the best solution for your department and provide a comprehensive software demo. Receive a detailed quotation tailored to your needs and get assistance with installation and validation, ensuring a smooth transition.

**We understand that you may have some concerns, and we're here to address them.**

### **Cost**

Rest assured that our system offers long-term cost savings, improved efficiency, and reduced errors, providing a positive return on investment.

### **Complexity**

Our user-friendly software ensures a seamless transition, backed by comprehensive support, training, and onboarding services.

### **Compliance**

Our system is fully compliant with regulatory standards, streamlining compliance processes and mitigating risks.

### **Customization**

We offer a flexible solution that can be customized to align with your specific needs and workflows.

### **Integration**

Our system is designed for seamless integration with common (Comecer and some third-party) equipment and systems used in nuclear medicine departments.

Unlock the power of streamlined operations with our comprehensive software solution and deliver exceptional patient care.

**We hope to speak to you soon!**

WE ARE YOUR PARTNER FOR LIFE
